*Friday's Performance - A Photographic Essay
by Ginnie & Dewayne Lowther, Visual Journalists*

INTRODUCTION

Dewayne & Ginnie Lowther, retired clergy members of the West Virginia Annual Conference of The United Methodist Church, created this Visual Journal of Friday Night's Performance of the 2016 Boar's Head and Yule Log Festival. This was the fifth year they have been present to create photo essays about these events.

Documenting and affirming persons involved in visual, liturgical and other performing arts and creating self assigned and self funded photo essays to help tell their story has been an important part of Ginnie & Dewayne's photojournaling and visual storytelling since they began photographing together in 1950.

The 2016 production of the Boar's Head and Yule Log Festival, celebrating the coming of the light of Christ into the world, was under the direction of Rev David F. Donathan, Director of Music and Arts Ministry/Organist at Christ Church United Methodist in Charleston, West Virginia since 1992.
